About Journal

Journal of Algebraic Hyperstructures and Logical Algebras (JAHLA) is an international semiannual journal published by University of Hafez and supported by the International Algebraic Hyperstructures Association and Iranian Fuzzy System Society. This journal publishes original high quality research papers and invited research and survey articles mainly in two subjects, Logical Algebras and Algebraic Hyperstructures. JAHLA is an international open access journal. There is no publication charge. JAHLA publishes 4 issues in each year.

Aims and Scope

The three-monthly Journal of Algebraic Hyperstructures and Logical Algebras (JAHLA) aims to provide an international forum for refereed original research works in the theory and applications of logical algebras and algebraic hyperstructures in the areas of foundations and pure mathematics. Manuscripts submitted to the JAHLA must be original unpublished works and should not be in consideration for publication elsewhere.

Instructions to Authors

The language of the journal is English. All accepted papers should also be prepared in AMS-TeX or LaTeX style and should be typed according to the style given in the journal homepage: <http://jahla.hatef.ac.ir>.

Submission of Manuscripts

Manuscripts submitted for publication should be sent electronically to this URL address: <http://jahla.hatef.ac.ir> in pdf format.

Proofs and Reprints

Page proofs will be sent to the corresponding author to be checked for type setting and editing. There are no page charges and authors will receive only complimentary electronic reprint file.

Proposing Special Issue

If you are interested in proposing a special issue, please contact the editor-in-chief at: borzooei@hatef.ac.ir
